PROFESSIONAL SUMMARY

Responsible employee who will help a business grow and improve. Goal-oriented. Believes with the right team anything can be accomplished. Enrolled in Savvy Coders, an immersive coding bootcamp where I am learning the fundamentals of Object-Oriented Programming in JavaScript and learning how to create a SPA from the ground up. Seeking a full-time position in Web Development to put into practice what I have learned through Savvy Coders.

Capstone Project:

I designed a website for social media communication. It will be moderated so that only positive, uplifting messages will be presented here. There will be areas for pictures and blogs.

SKILLS

1. Focus/Responsibility - Always show up on time. Full attention to tasks and obligations.
2. Quick learner - Love to learn new things. Follow directions. Listen to peers and management.
3. Creative - Think outside the box to create solutions.
4. Flexible/Easygoing - Team Player. Easy to get along with. Enjoy meeting new people, making friends, and showing respect. Willing to work in various environments, in teams, or alone.
5. Technically savvy -Strong knowledge of computers, phones, tablets, some Microsoft excel. Fast typist.
6. Physically fit- Lift heavy objects, stay on feet for many hours at a time.
7. HTML5, CSS3, JavaScript and Agile Certified through SavvyCoders
