Professional Summary:

Aspiring developer, with hands on experience in JavaScript, HTML, and CSS, obtained while attending the Savvy Coders Web Development Boot Camp. As a result of gaining my Agile certification, I have been able to incorporate the methodology into my daily coding activities, as well as creating code that is user focused. I really enjoy learning how to troubleshoot and debug code. I have strong communication skills with a passion to embrace the challenges of coding! Seeking a position where I can contribute to the development environment, while continuing to learn and grow.

Education:

- Savvy Coders Web Development Boot Camp – 2020
- Agile Certification – September 2020
- Lewis and Clark Community College – Certificate of Auto Technology

Technical Skills: JavaScript, Node.js, HTML, CSS, Trello, Git, and Agile

Capstone Project: Through the Savvy Coders Web Development Boot Camp, I am creating a Single Page Application (SPA) for confirming starting goaltenders in the NHL. This SPA is being built using JavaScript, HTML, and CSS. It will be beneficial to anyone who plays fantasy hockey - they will never choose the wrong goalie again! You can follow my progress at:
