## **Professional Summary**

A junior web developer who wants to obtain a position in IT. Donald is very passionate about learning about coding and web development because it ties into his lifelong interest in computers and new technology. Excellent tenure.

Strong background in supply/logistics. Excellent at evaluating risks and developing sound mitigation strategies. Able to work with people of various backgrounds.

## **Continued Education**

Savvy Coders 12 week Full Stack Web Development – 2021

Agile Certification – 2021

## **Capstone Project**

For my capstone project, I have chosen to create a web application that allows customers to choose an appointment for a food bank. I believe this web application will significantly reduce the long wait times that are associated with food banks today.

## **Technical Skills**

JavaScript, HTML, CSS, Agile, Trello, Nodejs, MongoDB, Express
